WEST ARNHAM REGIONAL COUNCIL

FOR THE MEETING 2 MARCH 2026

Agenda Reference:	8.2
Title:	Maningrida Landfill Update
Author:	Meredith Newall, Waste and Resource Coordinator

SUMMARY

This report is to provide an update to Maningrida Local Authority on current activities at Maningrida Landfill.

RECOMMENDATION

THAT THE LOCAL AUTHORITY receives and notes the report titled *Maningrida Landfill Update*.

BACKGROUND

An inspection of the Maningrida Waste Management Facility was conducted on 30 October 2025 by the Northern Territory Environment Protection Authority (NT EPA). The inspection report received by council in December 2025 raised several non-compliance issues present at the site, and these are being addressed.

Following the inspection, the NT EPA issued a letter advising that this site does not currently hold an Environment Protection License and is in breach of the relevant legislation. Previously a s19 Lease was required to apply for a license but the NT EPA has stated this is no longer a requirement for an application to be made. Further clarification of the application process is being sought from the NT EPA.

Sell & Parker commenced the removal of scrap metal August 2025 and were successful in removing 1,135.8 tonnes prior to the wet season.

COMMENT

The works team is working hard to manage this site to ensure it is operating to compliance as far as practicable. Recruitment of a dedicated Landfill Officer position will occur following the repair of facilities at the site.

To assist in enabling an onsite Landfill Officer to be stationed at the site, WARC has committed its 2024/2025 Waste and Resource Management (WaRM) program grant funding to:

- Replace the solar array at the Maningrida Landfill
- Replace the damaged septic tank
- Install a new closed-circuit television (CCTV) system

The 2025/2026 WaRM Grant funding has been committed to address the non-compliance issues identified by the NT EPA in October 2025. The actions to be undertaken by WARC to achieve compliance is outlined in the attached report.

The burning of waste was identified as a breach of legislation by the NT EPA during their inspection and as such it is recommended that the burning of cultural waste at the landfill site trial be discontinued.

LEGISLATION AND POLICY

Local Government Act 2019

Waste Management and Pollution Control Act 1998

FINANCIAL IMPLICATIONS

Any potential liability for penalties imposed due to non-compliance has been overcome.

STRATEGIC IMPLICATIONS

This report is aligned to the following pillars and goals of the *Regional Plan and Budget*:

PILLAR 4 SERVICE DELIVERY AND BUILT ENVIRONMENT

We provide high quality infrastructure and service delivery that meets the unique needs of each community, creates a sense of place, and contributes towards promoting a sense of pride in community.

Goal 4.3 Waste and Water Management

Deliver environmentally and economically sound solid waste, water, and sewerage services.

PILLAR 5 SUSTAINABILITY AND CLIMATE ACTION

Leading by example, we commit to developing a culture of sustainable practice. We recognise and champion the importance of safe-guarding our environment for future generations by working collectively with community, private enterprises and all tiers of government.

Goal 5.1 Recycling and Waste

Develop recycling and waste initiatives which protect and preserve community natural resources and the local environment.

Mayor and CEO Welcome

On behalf of West Arnhem Regional Council, we are proud to present the 2024-25 Annual Report.

This year has been one of progress, as we continue to work together to achieve our Vision of Strong Communities. We recognise that true and lasting outcomes are achieved through collaboration and consultation with our constituents, Local Authorities and stakeholders. This has been, and will remain, a central focus of our Council's work.

With the leadership of our 12 Aboriginal Elected Members, representing the five wards of West Arnhem, Council remains strong and committed to greater outcomes for our region through community development, good governance, financial sustainability, and the empowerment of the communities we serve.

In 2024-25, Council saw several changes in leadership. We welcomed several new Elected Members, Monica Wilton and Jermaine Namanurki, representing the Maningrida Ward in July 2024. Tamar Nawirridj was appointed in January 2025 for the Gunbalanya Ward, and Steven Nabalarda was appointed in February 2025 for the Minjilang Ward. We also acknowledge and thank the outgoing Councillors for their contributions during this period.

Following a national recruitment campaign, Council was also pleased to appoint Katharine Murray as Chief Executive Officer (CEO) in April 2025. Katharine took on the role from former CEO Andrew Walsh, who resigned earlier in the year. We thank Andrew for his significant contributions during his tenure and warmly welcome Katharine's leadership as she guides Council into the future.

This has been a year of milestones across all facets of our organisation - from advocacy and representation to strong service delivery, building up our workforce and increasing

local employment. These priorities are deeply embedded in the six Pillars of our Strategic Plan, which continues to guide and shape our work.

A key achievement this year was the approval of the West Arnhem Regional Council (Jabiru Town) By-Laws 2024. Endorsed at a Special Council Meeting on 6 December 2024 and approved by the Minister on 17 December 2024, the new by-laws came into effect on 1 January 2025. These laws replaced six existing by-laws, ensuring the ongoing maintenance and regulation of Jabiru Township.

“These priorities are deeply embedded in the six Pillars of our Strategic Plan, which continues to guide and shape our work..”

Under Pillar 4 – Service Delivery & Built Environment, Council has continued to invest in vital infrastructure that enhances liveability, supports community activity, and improves facilities across the region. This year's highlights include:

- Gunbalanya: Oval irrigation upgrades – \$250,000
- Jabiru: Installation of oval lights – \$1.5 million
- Maningrida: Changerooms – \$3.5 million
- Minjilang: Cemetery works – \$150,000
- Warruwi: Recreation Hall upgrades – \$200,000

Throughout the year, Local Authorities across West Arnhem supported and funded more than 20 major community and infrastructure projects. Council acknowledges the dedication of all Local Authority members, past and present, for their important role as a bridge between Council and community. In line with Pillar 2 – Increased Local Indigenous Employment, Council was successful in securing 12 positions under the

Remote Jobs and Economic Development Program, further strengthening opportunities for local employment and community development.

Council also reached an important milestone for its workforce, with staff voting in favour of the organisation's first Enterprise Agreement, formally approved by the Fair Work Commission on 25 February 2025. This agreement improves employment conditions and reflects our commitment to valuing and investing in our people. We sincerely thank our 170-strong workforce for their dedication and service to our communities and look forward to the positive outcomes this agreement will deliver.

Council has also maintained a strong focus on financial sustainability, ensuring that resources are managed responsibly and transparently to support the long-term wellbeing of our communities.

Our advocacy efforts have ensured that West Arnhem continues to have a strong voice in Territory and

national conversations, securing valuable funding and resources while championing the needs and aspirations of our region. During the reporting period, Council was pleased to secure additional funding for major community infrastructure projects, including \$50,000 for repairs to the Maningrida Swimming Pool, \$200,000 for a new fuel tank in Minjilang, and \$1.15 million for upgrades to recreation facilities in Jabiru.

We would like to extend our heartfelt thanks to the Australian Government, the Northern Territory Government and our funding bodies for their valuable partnerships and funding opportunities over the past year. These collaborations have played a key role in advancing the development and welfare of our region.

Finally, to our communities - thank you. Council is proud to walk alongside you, and we look forward to continuing this journey together. As we look ahead, our focus remains on building on these foundations, strengthening opportunities, and delivering meaningful outcomes for all communities in West Arnhem.

Strategic Plan

The values or behaviours that Council will embrace to support our Purpose and guide us in achieving the Vision are:

Respectful:

We respect our communities and staff of all cultures. We respect elders past, present and emerging for they hold the memories, the traditions the culture and hopes of Indigenous Australia. We acknowledge that Aboriginal culture is a living culture and that Aboriginal people continue to live in spiritual and sacred relationship with country.

Inclusive:

We are engaged with our communities and partners. We value diverse perspectives and voices and encourage their incorporation into our work practices.

Innovative:

We encourage and promote a culture of safety where innovation is celebrated and new ways of working are implemented to improve our services.

Integrity:

We are open, transparent and accountable.

Our Region

Our Region at a Glance

The West Arnhem Regional Council is located in the northern reaches of the Northern Territory, spanning 49,675 square kilometres of diverse landscapes and deep cultural heritage. The region is home to around 6,281 people living across five main communities - Maningrida, Gunbalanya, Jabiru, and the island communities of Waruwi and Minjilang - as well as more than 100 homelands.

Communities and Populations

Each community has its own character, history, and strengths:

- Gunbalanya: 1,177 residents
- Jabiru: 755 residents
- Maningrida: 2,518 residents
- Minjilang: 265 residents
- Waruwi: 432 residents

Together, these communities reflect the strong bonds of saltwater and freshwater peoples, whose lives and identities remain intertwined through songlines and cultural practices. More than three-quarters of the population - about 81% - identify as Aboriginal and/or Torres Strait Islander Peoples, making culture, tradition, and language central to everyday life.

Environment and Country

West Arnhem is defined by its extraordinary environment. From sweeping coastlines, winding river systems, wetlands, and freshwater billabongs to the rugged escarpments of stone country, the region holds both ecological and cultural significance. It is also home to two of Australia's most famous protected areas: Kakadu National Park, a UNESCO World Heritage site, and Garig Gunak Barlu National Park on the Cobourg Peninsula.

Governance and Community Voice

Council governance is organised into five Wards, represented by 12 elected members. These members work in close partnership with their communities to address local priorities while respecting the unique needs of each area. Local decision-making is further strengthened through four Local Authorities in Maningrida, Gunbalanya, Waruwi, and Minjilang. These meetings give community members a direct voice in shaping projects and services, helping ensure that council decisions reflect local aspirations.

“Together, these communities reflect the strong bonds of saltwater and freshwater peoples..”

Council's Structure

Residents of each of West Arnhem Regional Council's five wards elect councillors at the Northern Territory local government general election held every four years. There are 12 councillors in total elected and they sit as the West Arnhem Regional Council.

The role of Council is to:

- Listen to and represent the interests of residents
- Influence decisions which affect communities
- Provide leadership, guidance, and directly influence the future direction of the region
- Advocate to all levels of government on important community matters

“Council welcomed several new appointments to ensure strong local representation.”

Following the 2021 NT Local Government General Election, Council welcomed several new appointments to ensure strong local representation. Tamar Nawirridji was appointed to fill a vacancy in the Gunbalanya Ward, while Monica Wilton and Jermaine Namanurki joined the Maningrida Ward, and Steven Nabalmarda was appointed to the Minjilang Ward. The next NT Local Government General Election is scheduled for August 2025, when community members will once again have the opportunity to elect their representatives.

Changes within Council

Gunbalanya Ward

In October 2024, Council accepted the resignation of Cr Gabby Gumurdul. Cr Tamar Nawirridji was appointed in January 2025 to fill the vacancy. Cr Nawirridji is committed to supporting the Gunbalanya community and caring for country.

Maningrida Ward

In July 2024, Council called for nominations to fill two vacancies in the Maningrida Ward. Cr Jermaine Namanurki and Cr Monica Wilton were subsequently appointed. Cr Namanurki is eager to strengthen his understanding of governance and develop leadership skills to benefit the Maningrida community. Cr Wilton is dedicated to being a strong voice for her people, with a focus on improving community health and reducing violence.

Minjilang Ward

In November 2024, Council accepted the resignation of Cr Henry Guwiyul. Cr Steven Nabalmarda was appointed in February 2025 and is committed to working closely with the Minjilang community to address local needs.

Council Committees and Panel

Finance Committee

The Finance Committee is constituted as an Executive Committee with all the necessary powers to carry out Council's financial functions in line with section 83 of the *Local Government Act 2019* and Regulation 19 of the Local Government (General) Regulations 2021. The Finance Committee was formed to review and approve the finance report in the instance that a quorum cannot be met for an Ordinary Meeting of Council.

The Committee currently consists of the following members:

Finance Committee Members
Mayor James Woods
Deputy Mayor Elizabeth Williams
Councillor Mickitja Onus
Councillor Marrawal
Councillor Donna Nadjamerrek

The Finance Meeting was disbanded at the beginning of 2023 and reestablished in February 2024.

No meetings were convened during the 2024-25 finance year.

Risk Management and Audit Committee

The Risk Management and Audit Committee is a key component of Council's governance framework. The Committee is an independent advisory body that monitors the compliance of Council's financial policies and procedures with relevant statutory provisions, regulations and ministerial guidelines. The Committee works within the framework of the Risk Management and Audit Committee Charter and the Risk Management and Audit Committee Terms of Reference.

The Committee currently consists of the following members:

Risk Management and Audit Committee Members
Carolyn Eagle (Independent Chair)
Warren Jackson (Independent Member)
Mayor James Woods
Deputy Mayor Elizabeth Williams
Councillor Jacqueline Phillips
Councillor Gabby Gumurdul

The Risk Management and Audit Committee meets four times a year. Meeting dates were as follow:

Council Committees and Panel

CEO Employment and Remuneration Advisory Panel

The Chief Executive Officer (CEO) Employment and Remuneration Advisory Panel was reestablished in May 2024 in line with the *Local Government Act 2019* - Guideline 2: Appointing a CEO. The key objective of the Panel is to provide advice and support to Council regarding CEO employment processes including recruitment, contract of employment, remuneration and performance review.

The Panel has the following members:

CEO Employment and Remuneration Advisory Panel Members
Mayor James Woods
Deputy Mayor Elizabeth Williams
Councillor Mickitja Onus
Councillor Marrawal
Independent Member Mark Blackburn

Meeting dates in 2024-25:

22 January 2025
14 February 2025
20 February 2025

Kakadu Ward Advisory Committee

Formed to support the Kakadu Ward Councillors as the Ward has not been recognised by the Local Government Ministers as a Local Authority. This gives the Councillors a voice in and for the activities and operations of West Arnhem Regional Council in Jabiru and the wider Kakadu Ward. Whilst this advisory committee has no income stream at this point, the Committee's activities encompass all areas of Kakadu Ward events and operations, and it was established as a vessel to empower the greater community spirit and make a difference for the constituents of the Kakadu Ward.

The Committee currently consists of the following members:

Kakadu Ward Advisory Committee Members
Councillor Ralph Blyth (Chairperson)
Mayor James Woods
Deputy Mayor Elizabeth Williams
Councillor Mickitja Onus

Meeting dates in 2024-25:

13 September 2024
29 November 2024

Consultations Undertaken by Council

The West Arnhem Regional Council Plan and Budget 2025-26

The Draft Regional Plan and Budget 2025-26 was approved by Council and released for public consultation on 29 April 2025.

A revised draft was issued on 13 May 2025 to incorporate information inadvertently omitted from the original version. The subsequent public consultation period closed on 3 June 2025, with one submission received from the Department of Housing, Local Government and Community Development, recommending minor grammatical changes.

"The Plan is underpinned by six strategic pillars."

During May 2025, the draft Plan was also presented to Local Authorities across the region to invite review and feedback from community representatives.

The final Regional Plan and Budget 2025-26 was formally adopted by Council on 17 June 2025.

The Plan is underpinned by six strategic pillars:

- Partnerships, Relationships and Belonging
- Increased Local Indigenous Employment
- Safety and Wellbeing
- Service Delivery and Built Environment
- Sustainability and Climate Action
- Foundations of Governance

These priorities, developed through consultation with communities and Local Authorities, reinforce Council's commitment to stability, financial resilience, and strong local governance across West Arnhem.

Consultation on Draft Jabiru By-Laws

West Arnhem Regional Council sought feedback on its Draft West Arnhem Regional Council (Jabiru Town) By-Laws, which were required to replace the six existing by-laws for Jabiru Town after the end of the Jabiru Town Development Authority. The notice was published on Friday, 27 September 2024.

The draft by-laws aimed to:

- Promote public health, wellbeing and safety
- Control animals in Jabiru
- Protect public amenities
- Include provisions that consider the wishes of the Mirarr people

Written submissions were invited and accepted until close of business on Friday, 18 October 2024. Comments received by Council were considered in consultation with the NT Government. Two letters were received from residents and multiple comments from elected members.

The West Arnhem Regional Council (Jabiru Town) By-Laws 2024 were endorsed at a Special Council Meeting on 6 December 2024 and received Ministerial approval on 17 December 2024.

On 1 January 2025, the new by-laws for Jabiru came into effect, replacing the six previous by-laws for the township.

This milestone marked the conclusion of a three-and-a-half-year process following the cessation of the Jabiru Town Development Authority.

Beginning in May 2021, the by-laws were drafted, revised and refined through extensive community consultation to ensure strong local governance and the ongoing maintenance and regulation of the Jabiru township.

Council Shared Agreements

CouncilBIZ Subsidiary

The members of CouncilBIZ agreed to transition all member services, predominantly ICT and software, to the relevant individual member councils on or before 30 June 2024 and for the local government subsidiary to be wound up. At the end of June 2025 only a few shared legacy telecommunication contracts remain, and the Council is working with the other CouncilBIZ members and the NT Government to resolve these agreements and to close CouncilBIZ.

Local Government Association of the Northern Territory

West Arnhem Regional Council is a member of the Local Government Association of the Northern Territory (LGANT). LGANT's role is to advocate on behalf of and support the local government sector and its member councils. In the 2024-25 year, Council continued to work with LGANT in various key areas and the Council's Mayor, James Woods, was appointed as a LGANT Board Member. The staff and elected members also attended the LGANT Conference in November 2024 and April 2025.

Other Agreements

In the 2024-25 year, Council entered into other agreements with various government agencies in efforts to improve its service delivery especially through its social welfare programs. These include:

1. The delivery of Licenced Post Office services in Jabiru, Maningrida and Gunbalanya, and Community Postal Agency services in Waruwi and Minjilang as per agreements with Australia Post.
2. The delivery of Home Care Packages (HCP) and Commonwealth Home Support Program (CHSP) that enable clients, within the aged care sector, to live in their own homes.
3. The delivery of disability support services as a registered National Disability Insurance Agency (NDIA) provider.
4. The delivery of National Disability Insurance Scheme (NDIS) Remote Community Connector services as per a contract with NDIA
5. The provision of Centrelink services in Gunbalanya, Jabiru, Minjilang and Waruwi as per an agreement with Services Australia.
6. An agreement with Power and Water Corporation to maintain power, water and sewerage systems contracts in Gunbalanya, Maningrida, Minjilang and Waruwi.
7. An agreement with the Melbourne Veterinary School commenced in January 2024 to provide animal management services in Gunbalanya, Jabiru, Maningrida, Minjilang and Waruwi.
8. The maintenance of airstrip services contracts in Gunbalanya, Maningrida, Waruwi and Minjilang as per an agreement with the Department of Logistics and Infrastructure (DLI).
9. Agreements with National Indigenous Australians Agency (NIAA) to provide programs to Gunbalanya, Maningrida, Minjilang and Waruwi for community sport and recreation activities, Waruwi Outside School Hours Care (OSCH) and local Indigenous broadcasting.
10. An agreement with NIAA to provide a community safety program in Gunbalanya, Minjilang and Waruwi.
11. An agreement with the Northern Territory Government to provide the Active Regional and Remote Communities program in Gunbalanya, Jabiru, Maningrida, Minjilang and Waruwi.
12. An agreement with Australian Government Department of Education via Community Child Care Fund restricted grant (CCCCFR) for creche provision in Minjilang and Waruwi.
13. Collaborations with education institutions such as Batchelor Institute and Charles Darwin University to facilitate the delivery of accredited courses to Council staff.
14. Working together with Reconciliation Australia as Council continues to make progress in its reconciliation journey, and achieve the goals outlined in the West Arnhem Regional Council Innovate Reconciliation Action Plan July 2021 – July 2023.
15. Various agreements with the Commonwealth Government to improve the wellbeing of communities.
16. Working together with the Northern Land Council (NLC), an independent statutory authority of the Commonwealth that assists Aboriginal peoples in the Top End of the Northern Territory to acquire and manage their traditional lands and seas.

Council Delegations and Advisory Bodies

The *Local Government Act 2019* (Act) contains several provisions that allow Council to delegate some of its functions and powers to Committees including Local Authorities.

By delegating its powers and functions, Council provides an opportunity for community members to contribute to ideas about various community projects through their local representatives and have greater input in Council's decision-making process. Council considered expert advice from professionals and specialists appointed to Council Committees, such as Council's Risk Management and Audit Committee which has two independent members with specialist skills.

In 2024-25, the Council approved delegations to the following committees/authorities:

Local Authorities in Minjilang, Warruwi, Gunbalanya and Maningrida

In 2024-25, Council worked closely with Local Authority members in all its communities, and received advice, recommendations and approvals on the following key matters:

1. Council's Strategic Plan;
2. Council's priorities for expenditure within each Local Authority area, including projects funded by the Local Authorities;
3. Council's service delivery for communities in each Local Authority; and
4. The West Arnhem Regional Council Regional Plan and Budget 2024-25.

Risk Management and Audit Committee

The Risk Management and Audit Committee was established pursuant to part 5.3 of the Act as a key component of Council's governance framework. During the 2024-25 year, the Risk Management and Audit Committee met 4 times to carry out the following key functions:

1. Monitoring and overseeing Council's audit function which includes:
 - a. The development of audit programs;
 - b. The conducting of internal audits;
 - c. The review of audit outcomes; and
 - d. Assessing how audit recommendations have been implemented.
2. Advising Council about the appointment of external

auditors, reviewing the auditor's recommendations about Council's key risk and compliance issues, and providing feedback about the auditor's performance.

3. Reviewing and if appropriate, recommending that Council approves financial statements (in conjunction with the auditor's report).

4. Monitoring changes in accounting and reporting requirements.

5. Reviewing compliance and legislative requirements, contracts, standards and best practice guidelines.

6. Monitoring and making recommendations on the adequacy of Council's risk management framework, internal policies, as well as Council's practices and procedures for managing risk.

Kakadu Ward Advisory Committee

In 2024-25, the Council also worked with the Kakadu Ward Advisory Committee and received advice and recommendations on the key matters it put to Council's Local Authorities.

Finance Committee

The Finance Committee is an Executive Committee with all the necessary powers to carry out Council's financial functions. This Committee has delegated authority from Council to carry out the following functions during the months that an Ordinary Council meeting is not convened:

1. Review and approve Council's monthly financial reports.
2. Review and approve reports on Council budgets that are presented during the Committee's meeting.
3. Review reports about Council's immediate and long-term financial plans.
4. Consider the financial implications of Council's financial plans to ensure that they meet the needs of West Arnhem communities.
5. Review the financial status and progress of major projects and recommend changes or revisions to projects, if necessary.
6. Review the debtor and creditor lists, and ensure sufficient funds are available to pay forthcoming debts.
7. Review and approve any other urgent matters as required.

An Ordinary Council meeting was scheduled and occurred every month in 2024-25 and there was no need for a Finance Committee meeting.

Local Authorities

Local Authority meetings are an essential forum to strengthen local decision making in remote communities.

Through local authorities, communities have the opportunity to express their views and represent their communities views on matters affecting local government.

West Arnhem's Local Authorities give people living in Maningrida, Minjilang, Warruwi and Gunbalanya a direct voice in how Council services are provided, and how funds are spent in their communities. Acting as a link between

their community and the Council, the members express local interests and make recommendations for projects of significance to their community.

“Local Authority meetings are an essential forum to strengthen local decision making in remote communities..”

During the 2024-25 financial year, Local Authorities in the West Arnhem region held meetings on the following dates:

Our Staff

Organisational Structure

Functional & Role

Staff Snapshot

Over the past year, the workforce was reduced by 40 employees, primarily through natural attrition. This reduction aligned with budgetary constraints and was guided by strategic intent. Additionally, the staffing plan was adjusted to transition casually employed staff into permanent part-time roles, supporting workforce stability and long-term planning. The representation of female employees remained consistent, showing steady participation over the past two years.

WARC's First Enterprise Agreement

In late November 2024, following a comprehensive consultation process and strong employee representation, WARC staff voted in favour of the organisation's first Enterprise Agreement. This milestone marked a significant step forward in shaping employment conditions tailored to the needs of both the Council and its workforce.

The enterprise bargaining process provided a valuable opportunity for collaboration between management and staff, resulting in several key enhancements, including:

- Pay increases of 4% from the first full pay period after the agreement was approved, followed by 3% increases in both 2025 and 2026.
- Extension of pay step progression to include casual employees, in addition to permanent and temporary staff.
- Introduction of an outdoor allowance, replacing Level 1 and 2 adverse conditions payments under the award. This allowance is set at the highest award rate and applies to all hours worked, not just qualifying hours.
- Expanded compassionate leave, offering 3 days per occurrence, with an additional 2 days for travel outside Council boundaries or interstate (for Darwin-based employees).
- Up to 10 days of cultural and ceremonial leave annually for Aboriginal and Torres Strait Islander employees.
- Six weeks of paid parental leave and two weeks of paid supporting partner leave.
- An additional public holiday each year during NAIDOC Week, recognising and celebrating Aboriginal and Torres Strait Islander culture.

The Fair Work Commission formally approved the Enterprise Agreement on 25 February 2025. Implementation commenced immediately, enabling employees to benefit from its provisions without delay.

The Agreement is designed to:

- Support the recruitment and retention of high-quality employees,
- Recognise and encourage high performance and positive workplace behaviours,
- Provide clear and transparent employment conditions,
- Acknowledge and support Aboriginal culture,
- Contribute to strong outcomes for the communities served by the Council, and
- Align the needs of the Council with those of its employees.

Building capability: Community services staff embark on Certificate III training

Nearly 20 staff members from Community Safety, Wellbeing, and Youth, Sport and Recreation teams across our communities have been enrolled in a Certificate III in Community Services this year. This nationally recognised qualification equips professionals with practical skills and knowledge to develop and deliver local, person-centred services that meet diverse community needs. By undertaking this course, our team will be empowered to provide support, foster community wellbeing, and drive positive social outcomes.

Training is being delivered on-site by Charles Darwin University, commencing in the second semester of 2025. This hands-on approach ensures that learning is tailored to our unique community context, with staff able to put theory straight into practice for immediate local benefit.

WARC amongst first Councils to join LG Traineeship Pilot Program

West Arnhem Regional Council is proud to be among the first councils in the Northern Territory to join the Local Government Traineeship Pilot Program, a collaborative initiative between LGANT, GTNT Group, Industry Skills Advisory Council NT, and the NT Government.

Through this program, employees will undertake a Certificate III in Business tailored to local government, receiving dedicated mentoring, networking opportunities, and broad exposure to council operations. This hands-on experience directly supports council's strategic vision by empowering residents to build skills and gain recognised professional qualifications, while fostering a sustainable pathway to employment in the sector.

Council's Performance

Our Performance Highlights

Pillar 1: Partnerships, Relationships and Belonging

Celebrating community and sport

West Arnhem Regional Council hosted the Kurrung Sports Carnival on August 30 and 31 2024, showcasing an impressive display of football and basketball. The event brought together men's and women's sports teams from Jabiru, Minjilang, Maningrida, Warruwi, Gunbalanya, and even Katherine.

Through Kurrung, the Council continues its commitment to strengthening Communities across the West Arnhem region.

West Arnhem Regional Council Mayor James Woods acknowledged the significance of the Kurrung Sports Carnival for the region, expressing his gratitude to Council staff and Community stakeholders for their hard work in delivering a remarkable event. "Sport is a powerful way to unite people for a common purpose. Through sport, we feel pride, unity, and mateship."

Empowering Young Leaders at inaugural Warruwi Youth Camp

The inaugural Warruwi Youth Culture Camp, held 17–18 July 2024 at Ngjipin Beach, brought together more than 20 young people for on-country learning and cultural connection.

Initiated by local youth through the 2023 Youth Leadership Summit, the camp featured health checks, anti-smoking workshops with Red Lily Health, cultural activities with Elders, spear making, mussel collecting and sessions with Mardbalk Rangers, Power and Water and NT Police.

Strongly supported by the Warruwi Local Authority, the camp reflected the priorities of young people and promoted health, wellbeing and cultural pride.

Youth Leadership Summit

The 2024 West Arnhem Youth Leadership Summit brought together young leaders from Gunbalanya, Jabiru, Maningrida, and Warruwi for an inspiring three-day event. This summit, held in November, showcased the transformative power of youth leadership, collaboration, co design and community-driven change.

This year's summit not only built on the foundations established in 2023 but introduced innovative approaches that empowered students to develop actionable ideas, share their visions with stakeholders, and contribute meaningfully to their communities.

Each student group created a robust framework for their ideas, reflecting a deep understanding of their communities' needs and potential solutions. The hands-on inquiry approach empowered students to take ownership of their projects, ensuring long-term relevance and impact.

Youth AFL 9s kicking goals

During the school holidays, 40 young men aged 12–17 took to Brockman Oval for an AFL 9s round robin between Jabiru, Maningrida and Gunbalanya. Despite the distance, Maningrida entered two teams, with Gunbalanya eventually defeating Maningrida 2 in the grand final.

The carnival, an idea raised at the recent Youth Leadership Summit, delivered on the call for inter-community competition and showcased the talent, sportsmanship and community pride of all players.

The event also promoted health, social and emotional wellbeing among West Arnhem youth.

**Pillar 2:
Increased Local Indigenous Employment**

Works crew complete truck driving training

Members of the Council works crews attended a training session in Gunbalanya on 12 and 13 August 2024 to learn how to safely drive heavy rigid vehicles. The following week, the group travelled to the CDU campus in Katherine to put in practice what had learnt and had the opportunity of driving trucks on the road.

William Wurluri from Warruwi said it was a great training experience.

“Driving a truck on a different road was challenging. The traffic conditions in Katherine are different to the ones in Warruwi, but it was great to practice what we have learnt to make us better truck drivers. I was able to upgrade to a HR driver licence and I’m very happy”.

Works Crews begin on-site training for Certificate III in Civil Construction

The Council is very excited to share that our works crews across communities are enrolled to complete a Certificate III In Civil Construction Plant Operations.

By completing this program, the teams will learn the necessary skills to operate machinery and perform construction tasks safely. Initially, 45 participants are being signed-up with the study activities conducted on-site by Batchelor Institute.

Misman Kris, Senior Works Officer at Minjilang, said it was great to have Matthew on-site for training. “The boys really enjoy having him here and we learned a lot from him. We look forward to completing the full certification”.

Council Shines at Maningrida Job Fair

The Council was proud to participate in the highly successful Job Fair held in Maningrida on 20 May 2025. The event attracted an impressive turnout, with over 200 adults and 30 senior students in attendance. Our vibrant and eye-catching display proved popular, keeping our team engaged throughout the day as they answered a wide range of job enquiries and provided valuable information about career opportunities.

We look forward to connecting with more community members and continuing to support local employment and career development.

Showcasing Career Pathways in Council

West Arnhem Regional Council was proud to participate in Gunbalanya School Career's Week on Friday, 6 June 2025, joining 12 other expo stalls to inspire the 70 students in attendance.

Council staff showcased the diverse career pathways available within the organisation - from hands-on demonstrations with machinery (a highlight for students keen to climb aboard), to interactive games led by the Youth, Sport and Recreation Team Leader.

Students also enjoyed cake tasting courtesy of Council's talented Cook and learned about the vital role of the IT team in keeping services running smoothly.

**Pillar 3:
Safety and Wellbeing**

**Amongst first Councils to join LG
Traineeship Pilot Program**

West Arnhem Regional Council is excited to be one of the first organisations in the NT to join the Local Government Traineeship Pilot Program, a collaboration between LGANT, GTNT Group, Industry Skills Advisory Council NT, and the NT Government.

Amarni Harris, Retail and Post Officer in Jabiru, has been enrolled into this program to complete a Certificate III in Business focused on Local Government, receiving extra mentoring, peer networking opportunities, and exposure to the essential operations of council life.

Katharine Murray, WARC CEO, says “this also goes in line with Council’s strategic plan by providing local residents with opportunities to learn and obtain professional qualifications in administration”.

**First Aid, CPR and Fire
Warden Training Across
WARC**

In August 2024, more than 70 employees participated in First Aid, CPR and Fire Warden training, refreshing their skills to provide assistance in emergencies and respond effectively in critical situations.

Trainer Martin Evans visited each community to deliver two days of training, ensuring staff were well prepared. In Jabiru, First Aid Officer Lajane Nicholls renewed her certification and praised the program saying, “The trainer made the session interactive and clear for all the participants.”

Council proudly delivers this training annually across all communities to build staff capability and ensure workplace and community safety.

All About Movement, Connection and Culture

West Arnhem Regional Council partnered with Red Lily Health, Warruwi School, Minjilang School and Yagbani Aboriginal Corporation to deliver Hoops4Health - a First Nations-led, strength-based program supporting healing, connection and youth empowerment through basketball and community leadership. The initiative created opportunities for positive change by combining leadership and cultural connection with one of the community's favourite activities — basketball.

In Warruwi, Works Officer Baden was recognised as a local 'Champion' and spoke with young people about the importance of staying in school, continuing their learning, and avoiding drugs and alcohol. The event was a great success, with more than 100 participants joining throughout the day.

In Minjilang, strong support from the local school and community helped boost participation, with over 40 young people actively involved in the activities.

Sports and Culture Programs Boost Community Wellbeing

Minjilang's sport and recreation programs continue to thrive, offering a mix of basketball, dodgeball, AFL, back-to-country trips and community walks. Activities have drawn strong participation from all ages, with basketball and dodgeball proving especially popular.

Cultural connection remains central, with outings such as fishing trips providing opportunities to learn from Country, share stories and strengthen identity. Positive community feedback and the addition of a new Wellbeing Services Senior Officer have helped build momentum, supporting a holistic approach to health, culture and community wellbeing in Minjilang.

**Pillar 4:
Service Delivery and Built Environment**

**Building Better Sporting Spaces
Across West Arnhem**

West Arnhem Regional Council remained committed to improving sporting facilities across the region, with significant progress made on major projects in 2024-25.

In Gunbalanya, the new Oval Lights were officially completed, thanks to the support of the Northern Territory Government. These lights created a huge boost for sport and recreation in the community, enabling evening games and training sessions and making the facility more accessible for all.

In Jabiru, upgrades to Brockman Oval also advanced, supported by the Rio Tinto Jabiru Social Infrastructure Fund. Three new grandstands were completed, providing improved seating and comfort for spectators, while works on the brand-new oval lighting commenced but were not yet finalised within the reporting period.

These upgrades demonstrated Council's ongoing commitment to enhancing sporting infrastructure and supporting strong, active AFL communities across West Arnhem.

**Upgrades to Community Road
Networks**

West Arnhem Regional Council undertook extensive road upgrades in Maningrida, Waruwi and Gunbalanya, with strong support from the Roads to Recovery program.

In Waruwi, works were completed and the community roads were left looking better than ever. The upgrades included shoulder maintenance and resealing of all internal community roads, along with repairs to edge breaks and potholes throughout the town.

To further improve safety, new steel grab rail bollards were installed on each side of the speed bumps, funded by the Waruwi Local Authority.

These improvements extended the life of the road network by at least 10 years while also enhancing safety and accessibility for the community.

Maningrida Changerooms Nearing Completion

The new changerooms in Maningrida moved closer to completion, with several major milestones achieved. This exciting project will soon deliver upgraded facilities to support local sport and community use.

By mid-year, works included:

- Painting of interior and exterior walls
- Shower and wall tiling underway
- Internal plumbing, electrical, and joinery completed, along with painting of steelwork and door trims
- Flooring prepared for installation in June
- Canteen appliances ordered and arriving soon

Proudly supported by the National Indigenous Australians Agency (NIAA) and managed by West Arnhem Regional Council, the changerooms are set to provide modern facilities for players, supporters, and the wider community.

Mayor James Woods said, "Sport and recreation is a lifeblood - it brings people together and contributes to building stronger communities. Council is counting down to the grand opening of the Maningrida Changerooms in 2025."

Major Projects Completed Across West Arnhem

West Arnhem Regional Council was busy over recent months, delivering improvements to infrastructure across our communities to ensure benefits for everyone.

Newly resurfaced roads in Maningrida, Warruwi and Gunbalanya were completed with support from the Northern Territory Government, enhancing safety and accessibility. Alternative access gates were installed at the Maningrida Airport to support sorry business.

In Minjilang, the Crèche reopened following extensive roof and interior repairs. The facility remains an important part of the community, continuing to provide vital support for local families.

**Pillar 5:
Sustainability and Climate Action**

Youth Education – Caring for Country

Council delivered a youth education initiative focused on the powerful message of ‘Caring for Country.’ Young people across West Arnhem participated in a creative project highlighting the impacts of litter and the importance of waste reduction.

In partnership with SoundED, youth collaborated on a regional song, Stop the Drop, combining video, music and lyrics to promote sustainability in a fun and engaging way.

West Arnhem Regional Council Services Manager, Geri Narul, expressed her excitement about the initiative, saying: “Our goal is to see our West Arnhem communities waste-free in the near future and this project is a great way to send a strong message about how important it is to look after our Country.”

Removing scrap metals from our landfills

In late 2024, Maningrida hosted Sell & Parker to remove scrap metal from the community. The team successfully crushed and removed more than 200 cars from the Maningrida landfill.

The metal was recycled, with old car bodies shredded, melted down, and repurposed into new products, including parts for new vehicles. Council encouraged residents with unwanted car bodies to contact their local office to arrange collection, supporting both community safety and sustainability.

Pre-Cyclone Clean-Ups

Council delivered pre-cyclone clean-ups across all communities, providing residents with the opportunity to safely dispose of hard rubbish that could pose risks during severe weather.

Collections took place in Warruwi, Jabiru, Maningrida, Gunbalanya and Minjilang between October and December 2024, with household items, e-waste and scrap metal removed from kerbsides. The initiative enhanced community safety and preparedness while keeping them clean and clear in advance of the wet season.

**Pillar 6:
Foundations of Governance**

Council Attends National General Assembly

West Arnhem Regional Council continued its role as a vital advocate and representative for its communities at all levels of government, with Mayor James Woods, Councillor Mickitja Onus and CEO Andrew Walsh travelling to Canberra to attend the National General Assembly.

During the visit, Mayor Woods had the opportunity to host ALGA President Linda Scott, alongside councillors from both East and West Arnhem Regional Councils. Mayor Woods expressed his gratitude, saying: "Thank you for your service to Local Government – job well done."

Community needs and priorities were central to discussions when Mayor Woods, Councillor Onus, and East Arnhem councillors met with Senator Malarndirri McCarthy. Topics included support for local government, housing, the critical need for Indigenous employee housing, health, the new Remote Jobs and Economic Development Program, and homelands.

Elected Member Training

West Arnhem Regional Council's Elected Members participated in a valuable training session with the Department of Housing, Local Government and Community Development on 18 November 2024.

The session covered key topics essential for good governance and decision-making, including:

- Introduction to finances
- Council meeting procedures and decision-making
- Understanding Local Government
- Roles and responsibilities
- Code of Conduct
- Conflict of interest

Ongoing training ensures Elected Members are well-equipped to serve our Communities with integrity and informed decision-making.

Celebrating Long Service in Local Government

At the March 2025 Minjilang Local Authority meeting, West Arnhem Regional Council Mayor James Woods presented Shane Wauchope and Charles Yirrawala with awards recognising their remarkable 10 years of service to the Minjilang Local Authority. Their dedication has played a vital role in shaping a stronger future for the community.

Earlier, on 18 February 2025, Mayor Woods also presented Councillor Ralph Blyth with a Long Service Award on behalf of the Local Government Association of the Northern Territory, celebrating his 20 years of dedicated service to local government and his ongoing commitment to the West Arnhem region.

These awards highlight the extraordinary dedication of local leaders in supporting and strengthening their communities.

Remote Food Security Strategy Launched

West Arnhem Regional Council Mayor James Woods met with Minister for Indigenous Australians, Senator Malarndirri McCarthy, and Member for Lingiari, Marion Scrymgour MP, in Maningrida for the official launch of the Remote Food Security Strategy rollout across regional and remote communities.

Mayor Woods expressed his support for the strategy, stating: "The release of the Remote Food Security Strategy is a significant step forward for remote communities, which will no longer be forced to endure unacceptable food insecurity. Access to affordable food will improve the health and wellbeing of our communities."

The Minister's visit also provided an opportunity to discuss key regional issues and showcase important Council-led projects. The meeting highlighted the importance of collaboration across all levels of government to deliver meaningful initiatives that enhance the quality of life for residents in West Arnhem communities.

Assessment of Council's Performance

West Arnhem Regional Council's Strategic Plan is built around six key pillars that represent the priorities and aspirations of our communities.

Statement 2. Reasons for Material Variations between the Final Budget and Actual Performance

Operating Income

Operating Income had a negative variance to the amended budget of \$3.6M. Rates and Charges were below expectation as there was a delay in issuing water charge notices. The difference in Operating Grants and Subsidies was partially due to not receiving the full financial subsidy initially requested and a delay in receiving grant money at year end.

Operating Expenses

Overall, the Operating Expenditure is in a net favourable position of \$6.6M due to a number of reasons. Employee expenses were \$1.3M less compared to budget,

as a result of staff shortages and turnover.

Materials and Contracts were under budget by \$3M due to delays in projects and the inability to engage contractors in a timely manner (i.e. industry shortages).

Capital Expenditure

West Arnhem Regional Council's capital expenditure reflects the acquisition/creation of new assets as well as renewal of existing ones. Capital expenditure for the 2024-25 was over budgeted by \$0.7M. This budget variance was due to the delay in the completion of several projects, which will be finalised in 2025-26.

Table 3.1 Total Expenditure for Each Council Committee and Local Authority

For the year ending 30 June 2025	Council Committee & LA Allowances \$	Council Committee & LA Expenses \$	Total \$
Audit Committee	6,712	-	6,712
Kakadu Ward Committee	-	2,472	2,472

Key Performance Indicators

The financial performance indicators detailed below inform all interested parties on how well the Council is performing compared to industry benchmarks.

Asset Sustainability Ratio

This ratio helps to show whether the Council is replacing assets as their service potential is used up. Some assets are absolutely essential – sewerage and water treatment facilities, etc. This ratio helps to identify whether the Council will be able to continue services associated with these assets.

All Northern Territory councils struggle to replace assets as and when this is needed, and this has been the subject of several reviews undertaken by the NT Government.

The Target Benchmark is greater than 90%.

Result 2024-2025 = 102%

Result 2023-2024 = 40%*

*Recalculated to remove road assets.

Operating Surplus Ratio

This ratio shows whether the Council has the ability to cover its operating costs from operating revenues. Like all businesses, Council must ensure that it has sufficient revenue to meet its operating costs. Achieving a positive result means that Council is covering its costs and is able to apply the surplus to capital expenditure.

The Target Benchmark is between 0% and 10%.

Result 2024-2025 = 8%

Result 2023-2024 = 11%

Current Ratio

The current ratio is a liquidity ratio that measures Council's ability to pay its short-term obligations. To gauge this ability, the current ratio considers the current total assets (both liquid and illiquid) relative to the current total liabilities. Council's current ratio of 0.99 means that it has 0.99 times current assets in relation to current liabilities.

The Target Benchmark is greater than 1.

Result 2024-2025 = 0.97

Result 2023-2024 = 0.88

Rate Coverage Ratio

This ratio measures the Council's dependence on general rate revenue to fund its operations. The higher the ratio more the Council's revenue is sourced from its rating base, which in turn means a lower dependency on grant funding. Like many regional councils, WARC is substantially dependent on grant funding, which reduces its flexibility and control when it comes to budget options. The challenge for Council is to improve this ratio in the face of limited alternative funding sources and a very limited rate base.

The Target Benchmark is greater than 12%.

Result 2024-2025 = 8%

Result 2023-2024 = 7%*

*Recalculated to only include general rate revenue.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST ARNHAM REGIONAL COUNCIL

Opinion

We have audited the financial report of West Arnhem Regional Council (the "Council"), which comprises the statement of financial position as at 30 June 2025, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, and the Chief Executive Officer's Certificate.

In our opinion, the accompanying financial report of West Arnhem Regional Council, is in accordance with the *Northern Territory Local Government Act 2019* including:

- (i) giving a true and fair view of the Council's financial position as at 30 June 2025 and of its financial performance and its cashflows for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Northern Territory Local Government (General) Regulations 2021*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Councillors and Chief Executive Officer are responsible for the other information. The other information comprises the information in West Arnhem Regional Council's annual report for the year ended 30 June 2025, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST ARNHAM REGIONAL COUNCIL (CONT.)

Responsibilities of the Councillors and Chief Executive Officer for the Financial Report

The Councillors and Chief Executive Officer of West Arnhem Regional Council are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Northern Territory Local Government Act 2019* and for such internal control as the Councillors and Chief Executive Officer determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Councillors and Chief Executive Officer are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Councillors and Chief Executive Officer either intend to liquidate the Council or to cease operations, or have no realistic alternative but to do so.

The Councillors and Chief Executive Officer are responsible for overseeing the Council's financial reporting process.

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or taken together, they could reasonably be expected to influence the economic decisions of users taken based on this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by those charged with governance.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST ARNHAM REGIONAL COUNCIL (CONT.)

Auditor's responsibility for the audit of the financial report (Cont.)

- Conclude on the appropriateness of the Councillors and Chief Executive Officer use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Council to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Councillors and Chief Executive Officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

WEST ARNHEM REGIONAL COUNCIL
ABN:45 065 336 873
NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information

The financial statements cover West Arnhem Regional Council as an individual entity, incorporated and domiciled in Australia. West Arnhem Regional Council is operating pursuant to the NT Local Government Act 2019 and NT Local Government (General) Regulations 2021.

The financial statements were authorised for issue on 13 November 2025 by the Elected Members of the Council.

Statement of Compliance

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB), the requirements of the Local Government Act 2019, Local Government (General) Regulations 2021 and other authoritative pronouncements of the Australian Accounting Standard Board.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

Basis of Preparation

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements are in Australian Dollars and have been rounded to the nearest dollar.

Critical Accounting Estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 1(p) Critical Accounting Judgements, Estimates and Assumptions.

Current and Non Current Classification

Assets and liabilities are presented in the statement of financial position based on current and non current classifications.

An asset is classified as current when it is either expected to be realised or intended to be sold or consumed in the Council's normal operating cycle, it is held primarily for the purpose of trading, it is expected to be realised within 12 months after the reporting period and or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non current.

A liability is classified as current when it is either expected to be settled in the Council's normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within 12 months after the reporting period and or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non current.

Material Accounting Policies

(a) Revenue and Other Income Recognition

The Council recognises revenue as follows :

Revenue from Contracts With Customers

Revenue is recognised at an amount that reflects the consideration to which the Council is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the Council identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information (Cont.)**(a) Revenue and Other Income Recognition (Cont.)****Operating Grants**

Grant revenue is recognised in profit or loss when the Council satisfies the performance obligations stated within the funding agreements.

Funding arrangements which are enforceable and contain sufficiently specific performance obligations are recognised as revenue under AASB15. Otherwise, such arrangements are accounted for under AASB 1058, where upon initial recognition of an asset, the Association is required to consider whether any other financial statement elements should be recognised (for example financial liabilities representing repayable amounts), with any difference being recognised immediately in profit or loss as income.

If conditions are attached to the grant which must be satisfied before the Council is eligible to retain the contribution, the grant will be recognised in the statement of financial position as a liability until those conditions are satisfied.

Capital Grant

When the Council receives a capital grant, it recognises a liability for the excess of the initial carrying amount of the financial asset received over any related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer) recognised under other Australian Accounting Standards.

Rates

Rates are recognised as revenue when the Council obtains control over the asset comprising the receipt.

Rates are an enforceable debt linked to rateable property that will be recovered when the property is sold, and therefore control normally passes at the time of levying, or where earlier upon receipt of rates paid in advance. The rating period and reporting period for the Council coincide and accordingly, all rates levied for the year are recognised as revenue.

Uncollected rates are recognised as receivables.

Contributed Assets

The Council receives assets from the government and other parties for Nil or nominal consideration in order to further its objectives. These assets are recognised in accordance with the recognition requirements of other applicable accounting standards (AASB 9, AASB 16, AASB 116 and AASB 138).

On initial recognition of an asset, the Council recognises related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer).

The Council recognises income immediately in profit or loss as the difference between initial carrying amount of the asset and the related amounts.

Interest Income

Interest income is recognised using the effective interest method.

Donations and Bequests

Donations and bequests are recognised on receipt of the funds with control of this revenue having passed to the Council.

Income from Sale of Goods

Revenue from the sales of goods and the rendering of a service is recognised upon the delivery of the goods and services to the customers.

A receivable will be recognised when the goods are delivered. The Council's right to consideration is deemed unconditional at this time as only the passage of time is required before payment of that consideration is due. There is no significant financing component because sales are made within a credit term of 30 to 45 days.

The Council's historical experience with sales returns show that they are negligible and considered to be highly improbable. As such no provision for sale refunds is recognised by the Council at the time of sale of goods.

All revenue is stated net of the amount of goods and services tax.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information (Cont.)**(b) Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value as indicated, less, where applicable, accumulated depreciation and any impairment losses.

Freehold Property

Freehold land and Buildings are shown at their fair value based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation for buildings.

In periods when the Freehold Land and Buildings are not subject to an independent valuation, the Councillors conduct Councillors' valuations to ensure the carrying amount for the Land and Buildings is not materially different to the fair value.

Increases in the carrying amount arising on revaluation of Land and Buildings are recognised in other comprehensive income and accumulated in the revaluation surplus in equity. Revaluation decreases that offset previous increases of the same class of assets shall be recognised in other comprehensive income under the heading of revaluation surplus. All other decreases are recognised in profit or loss.

Any accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Freehold Land and Buildings that have been contributed at no cost, or for nominal cost, are initially recognised and measured at the fair value of the asset at the date it is acquired.

Plant and Equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to its estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(f) for details of impairment).

Plant and equipment that have been contributed at no cost, or for nominal cost, are valued and recognised at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate Life (years)
Buildings, structures and site improvements and improvements	10-60 years
Infrastructure	15- 100 years
Plant and equipment	1-14 years
Roads	2-100 years
Furniture and Fittings and office Equipment	1- 5 years
Motor Vehicles	1- 5 years
Right of Use Assets- Leased Land and Buildings	10-40 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

The Council approved, in a special Council meeting on 29 January 2025, that the Council elected not to recognise roads expenditure as an asset and for those road assets already recorded, in the Council's accounts up to 30 June 2024, to be written off as a cost. The carrying amount of these roads was removed from the asset register, with the resulting loss recognized in the Income Statement of \$21,219,628. The write-off reflects a prudent assessment of asset condition and ensures the financial statements accurately represent the service potential of the Council's infrastructure.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information (Cont.)**(c) Leases**

At inception of a contract, the Council assess if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability is recognised by the Council where the Council is a lessee. However all contracts that are classified as short term leases (lease with remaining lease term of 12 months or less) and leases of low value assets are recognised as an operating lease on a straight-line basis over the term of the lease.

Initially the lease liability is measured at the present value of the lease payments still to be paid at commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Council uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows :

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options;
- lease payments under extension options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability as mentioned above, any lease payments made at or before the commencement date as well as any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset whichever is the shortest. Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Council anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

Concessionary Leases

For leases that have significantly below market terms and conditions principally to enable the Council to further its objectives (commonly known as peppercorn / concessionary leases), the Council has adopted the temporary relief under AASB 2019-8 and measures the right of use assets at cost on initial recognition.

(d) Right of Use Assets

A Right of Use Asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right of Use Assets are depreciated on a straight line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Council expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right of Use Assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

(e) Impairment of Financial Assets

The Council recognises a loss allowance for expected credit losses on:

- financial assets that are measured at amortised cost or fair value through other comprehensive income;
- contract assets (eg amount due from customers under contracts).

The Council uses the following approach to impairment, as applicable under AASB 9: Financial Instruments:

- the simplified approach.

Simplified approach

The simplified approach does not require tracking of changes in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times.

This approach is applicable to:

- trade receivables; and
- lease receivables.

In measuring the expected credit loss, a provision matrix for trade receivables is used taking into consideration various data to get to an expected credit loss (i.e. diversity of its customer base, appropriate groupings of its historical loss experience, etc).

WEST ARNHAM REGIONAL COUNCIL
ABN:45 065 336 873
NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information (Cont.)**(e) Impairment of Financial Assets (Cont.)****Recognition of expected credit losses in financial statements**

At each reporting date, the Council recognises the movement in the loss allowance as an impairment gain or loss in the statement of profit or loss and other comprehensive income.

(f) Impairment of Non Financial Assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in profit or loss.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Where an impairment loss on a revalued individual asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

(g) Employee Benefits**Short-term employee benefits**

Provision is made for the Council's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and annual leave and superannuation. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Council's obligations for short-term employee benefits such as wages, salaries and superannuation are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Council classifies employees' long service leave and annual leave entitlements as other long-term employee benefits as they are not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Provision is made for the Council's obligation for other long-term employee benefits, which are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures, and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Council's obligations for long-term employee benefits are presented as non-current liabilities in its statement of financial position, except where the Council does not have an unconditional right to defer settlement for at least twelve months after the reporting date, in which case the obligations are presented as current liabilities. The Council based on past experience records employee's long service leave entitlements on commencement of their employment within the Council.

Retirement benefit obligations**Superannuation benefits**

All employees of the Council receive accumulated contribution superannuation entitlements, for which the Council pays the fixed superannuation guarantee contribution to the employee's superannuation fund of choice. For the period 1 July 2024 to 30 June 2025 this was 11.5% of the employee's ordinary average salary. From 1 July 2025 this rate has increased to 12% plus additional superannuation of 0.5% in 2025 (2024 :1%) for employees that commenced their employment with Council before the Enterprise Bargaining Agreement (EBA) came into effect. All contributions in respect of employees' accumulated contribution entitlements are recognised as an expense when they become payable. The Council's obligation with respect to employees' accumulated contribution entitlements is limited to its obligation for any unpaid superannuation guarantee contributions at the end of the reporting period. All obligations for unpaid superannuation guarantee contributions are measured at the (undiscounted) amounts expected to be paid when the obligation is settled and are presented as current liabilities in the Council's statement of financial position.

(h) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

Note 1 Material Accounting Policy Information (Cont.)

(i) Trade and Other receivables

Trade and other receivables include amounts due from clients for fees and goods and services provided, from donors and any outstanding grant receipts. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Accounts receivable are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for measurement. Refer to Note 1(e) for further discussions on the determination of impairment losses.

(j) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

(k) Income Tax

No provision for income tax has been raised as the entity is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

(l) Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the Council during the reporting period that remain unpaid at the end of the reporting period. Trade payables are recognised at their transaction price. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(m) Contract Liabilities

Contract liabilities represent the Council's obligation to transfer goods or services to a customer or complete required performance obligations and are recognised when a customer pays consideration, or when the Council recognises a receivable to reflect its unconditional right to consideration (whichever is earlier), before the Council has transferred the goods or services to the customer and or completed required performance obligations.

(n) Provisions

Provisions are recognised when the Council has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of reporting period.

(o) Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information (Cont.)

(p) Critical Accounting Judgements, Estimates and Assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

(i) Valuation of buildings, land and infrastructure

The Council engaged independent valuers in 2025 to conduct an independent valuation of its land, buildings and infrastructure assets. Marsh Valuation Services were engaged to undertake this valuation of the Council's property and infrastructure assets

The valuation was completed on 16 October 2025 with the valuation date being 30 June 2025. The valuation of Council's infrastructure assets was performed by Ms. Khadhija Bembridge, BE, GradIEAust, Consultant Valuer License number 8504641 and Mr. Langley Johnston, BEMIEAust, Principal-Infrastructure License number 4365664. The valuation of Council's land and buildings, site improvements and other structures was performed by Mr. Matthew Persley, AAPI, Certified Practising Valuer, Valuer Number 4057MR and Mr. Travis Whiteman, AAPI, Certified Practising Valuer, Valuer Number 5143.

The valuation was prepared in accordance with the Australian Accounting Standards with the basis of value used being fair value of the assets. In determining fair value, the valuer has used the Market Approach and Cost Approach. The market approach compares assets with identical or comparable (similar) assets for which price information is available. The cost approach provides an indication of value by calculating the current replacement or reproduction cost of an asset and making deductions for physical deterioration and all other relevant forms of obsolescence. Straight line depreciations were used for buildings and infrastructure assets and the estimated remaining useful life of assets having regard to physical deterioration, functional and economic obsolescence.

Council assets were valued on the basis that the Council intends to retain the assets for a continuous use for Council's purposes. The current use of these assets is presumed to be their highest and best use.

The valuation of these assets at 30 June 2025 resulted in a net increase in the land, buildings and infrastructure value of \$55,375,580 and an increase of the same amount to the Asset Revaluation Reserve.

(ii) Useful lives of property, plant and equipment

As described in Note 1(b), the Council reviews the estimated useful lives of property, plant and equipment at the end of each reporting period, based on the expected utility of the assets.

The Council determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

(iii) Impairment- General

The Council assesses impairment at the end of each reporting period by evaluating conditions and events specific to the Council that may be indicative of impairment triggers.

Impairment of plant and equipment

The Council assesses impairment of plant and equipment at each reporting date by evaluating conditions specific to the Council and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs to sell or value-in-use calculations, which incorporate a number of key estimates and assumptions. There was no provision for impairment of plant and equipment at 30 June 2025 (2024: \$Nil).

Impairment of accounts receivable

The provision for impairment of receivables assessment requires a degree of estimation and judgement. The level of provision is assessed by taking into account the recent sales experience, the ageing of receivables, historical collection rates and specific knowledge of the individual debtors' financial position. Provision for impairment of receivables at 30 June 2025 amounted to \$17,225 (2024: \$36,638).

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 1 Material Accounting Policy Information (Cont.)

(p) Critical Accounting Judgements, Estimates and Assumptions (Cont.)

(iv) Performance Obligations Under AASB 15

To identify a performance obligation under AASB 15, the promise must be sufficiently specific to be able to determine when the obligation is satisfied. Management exercises judgement to determine whether the promise is sufficient by taking into account any conditions specified in the arrangement, explicit or implicit, regarding the promised goods or services. In making this assessment, management includes the nature / type, cost /value, quantity and the period of transfer related to the goods or services promised.

v) Performance Obligations Under AASB 16

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the Corporation's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The Corporation reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the Corporation estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

(q) Fair Value of Assets and Liabilities

The Council measures some of its assets at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

(r) Economic Dependence and Going Concern

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

The Council is dependent on continued funding from the Australian and Northern Territory Governments to ensure the continuance of its activities. At the date of this report Management has no reason to believe that Council will not continue to receive funding support from the Governments. Current funding for the Active Regional and Remote Community program from Northern Territory Government runs until 30th June 2029 and the Local Authority Project funding program runs until 30 June 2027. The operations and future success of the Council is dependent upon the continued support and funding by the government bodies and the achievement of operating surpluses and positive operating cash flows.

(s) New and Amended Accounting Standards and Policies Adopted By The Council

AASB 2020-1: Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-Current.

The Council adopted AASB 2020-1 which amends AASB 101 to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. It also clarifies the meaning of "settlement of a liability".

The adoption of the amendment did not have a material impact on the financial statements.

AASB 2022-6: Amendments to Australian Accounting Standards - Non-Current Liabilities with Covenants.

The Council adopted AASB 2022-6: Amendments to Australian Accounting Standards - Non-Current Liabilities with Covenants which amends AASB 101 to improve the information an Council provides in its financial statements about liabilities from loan arrangements for which the Council's right to defer settlement of those liabilities for at least 12 months after the reporting period is subject to the Council complying with conditions specified in the loan arrangement.

The adoption of the amendment did not have a material impact on the financial statements.

The West Arnhem Regional Council has adopted all amendments required for the year ended 30 June 2025. The adoption of these amendments did not have a material impact on the financial statements.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 2 Revenue and Other Income

The majority of West Arnhem Regional Council funding is in the form of grants from governmental department bodies. The Council has assessed that the majority of its grant agreements are enforceable and contain sufficiently specific performance obligations. This assessment is based on the fact that the agreements require the Council to deliver defined activities such as waste management and sustainability initiatives, infrastructure development, community wellbeing programs, and initiatives that support economic opportunities and employment. Each agreement also specifies the duration of the programs and associated reporting requirements. The Council therefore recognises funding received under such agreements as Revenue under AASB 15. Revenue is recognised as the Council delivers the required services over the duration of the underlying programs.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 8 Property, Plant and Equipment (Cont.)

The Council engaged independent valuers in 2025 to conduct an independent valuation of its land, buildings and infrastructure assets. Marsh Valuation Services were engaged to undertake this valuation of the Council's property and infrastructure assets.

The valuation was completed on 16 October 2025 with the valuation date being 30 June 2025. The valuation of Council's infrastructure assets was performed by Ms. Khadhija Bembridge, BE, GradIEAust, Consultant Valuer License number 8504641 and Mr. Langley Johnston, BEMIEAust, Principal-Infrastructure License number 4365664. The valuation of Council's land and buildings, site improvements and other structures was performed by Mr. Matthew Persley, AAPI, Certified Practising Valuer, Valuer Number 4057MR and Mr. Travis Whiteman, AAPI, Certified Practising Valuer, Valuer Number 5143.

The valuation was prepared in accordance with the Australian Accounting Standards with the basis of value used being fair value of the assets. In determining fair value, the valuer has used the Market Approach and Cost Approach. The market approach compares assets with identical or comparable (similar) assets for which price information is available. The cost approach provides an indication of value by calculating the current replacement or reproduction cost of an asset and making deductions for physical deterioration and all other relevant forms of obsolescence. Straight line depreciations were used for Buildings and infrastructure assets and the estimated remaining useful life of assets having regard to physical deterioration, functional and economic obsolescence.

Council assets were valued on the basis that the Council intends to retain the assets for a continuous use for Council's purposes. The current use of these assets is presumed to be their highest and best use.

The valuation of these assets at 30 June 2025 resulted in a net increase in the land, buildings and infrastructure value of \$55,375,580 and an increase of the same amount to the Asset Revaluation Reserve.

(ii) Roads Structure

The Council approved, in a special Council meeting on 29 January 2025, that the Council elected not to recognise roads expenditure as an asset and for those road assets already recorded, in the Council's accounts up to 30 June 2024, to be written off as a cost. The carrying amount of these roads was removed from the asset register, with the resulting loss recognized in the Income Statement of \$21,219,628. The write-off reflects a prudent assessment of asset condition and ensures the financial statements accurately represent the service potential of the Council's infrastructure.

Provision For Employee Benefits

Employee provisions represents amounts accrued for annual leave and long service leave.

The current portion for this provision includes the total amount accrued for annual leave entitlements and the amount accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the Council does not expect the full amount of annual leave or long service leave balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the Council does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

In calculating the present value of future cash flows in respect of long service leave, the probability of long service leave being taken is based upon historical data. The measurement and recognition criteria for employee benefits have been discussed in Note 1(g).

The Council is not aware of any Contingent Liabilities and Contingent Assets as at 30 June 2025 (2024: \$Nil).

Note 19 Events After the Reporting Period

Council is not aware of any other significant events since the end of the reporting period that have significantly affected, or may significantly affect the Council's operations, the results of those operations, or the Council's state of affairs in future financial years.

Note 20 Financial Risk Management

The Council's financial instruments consist mainly of deposits with banks accounts, receivables and payables.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

	Note	2025 \$	2024 \$

Total financial liabilities		12,827,713	12,395,427

Financial Risk Management Policies

Management is responsible for mentoring and managing the Council's compliance with its risk management strategy. The overall risk management strategy is to assist the Council in meeting its financial targets whilst minimising potential adverse effects on financial performance. These include credit risk policies and future cash flow requirements.

Specific Financial Risk Exposures and Management

The main risks the Council is exposed to through its financial instruments are credit risk, liquidity risk and market risk relating to interest rate risk. There has been no substantive change in the types of risk the Council is exposed to, how these risks arise, management's objectives, policies and procedures for managing or measuring risks from the previous period.

WEST ARNHAM REGIONAL COUNCIL
ABN:45 065 336 873
NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 20 Financial Risk Management (Cont.)**a. Credit Risk**

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss for the Council.

Credit risk exposures

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying amount and classification of those financial assets (net of any provisions) as presented in the statement of financial position.

Legislative restrictions on Council's investment powers effectively limit investments to financial instruments issued or guaranteed by the Australian Government, banks and authorised deposit taking institutions. Rates and other receivables are monitored on an ongoing basis with the result that the Council's exposure to bad debts is not significant.

The Council has no significant concentrations of credit risk exposure to any single counterparty or group of counterparties. Details with respect to credit risk of accounts receivable and other debtors are provided in Note 5.

b. Liquidity risk

Liquidity risk arises from the possibility that the Council might encounter difficulty in settling its debts or otherwise meeting its obligations in relation to financial liabilities. The Council manages this risk through the following mechanisms:

- > preparing forward-looking cash flow analysis in relation to its operational, investing and financing activities.
- > maintaining short term investments to cater for unexpected volatility in cash flows.
- > monitoring the ageing of receivables and payables.
- > maintaining a reputable credit profile.
- > managing credit risk related to financial assets.
- > only investing surplus cash with major financial institutions.

c. Market risk**Interest rate risk**

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The Council is also exposed to earnings volatility on floating rate instruments.

The financial instruments that expose the Council to interest rate risk are limited to cash and cash equivalents.

The Council also manages interest rate risk by ensuring that, whenever possible, payables are paid within any pre-agreed credit terms.

(ii) Sensitivity analysis

The following table illustrates sensitivities to the Council's exposures to changes in interest. The table indicates the impact on how profit reported at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible.

These sensitivities assume that the movement in a particular variable is independent of other variables.

	2025	2024
	\$	\$
Surplus \$		
(+/- 1% in interest rates)	113,976	92,292

No sensitivity analysis has been performed on foreign exchange risk as the entity has no material exposures.

Refer to Note 18 for detailed disclosures regarding the fair value measurements of the Council financial assets.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2025

Note 21 Fair Values Measurements**Fair value estimation**

The Council measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- financial assets at fair value through profit or loss;
- financial assets at fair value through other comprehensive income; and
- freehold land and buildings.

The Council does not subsequently measure any liabilities at fair value on a recurring basis, or any assets or liabilities on a non-recurring basis.

The fair values of financial assets and financial liabilities are presented in the following table and can be compared to their carrying values as presented in the statement of financial position.

- (i) Cash on hand, accounts receivable and other debtors, and accounts payable and other payables are short-term instruments in nature whose carrying value is equivalent to fair value. Trade and other payables exclude amounts provided for annual leave, which is outside the scope of AASB 139.
- (ii) Lease liabilities fair values are assessed on an annual basis by Management and the Directors. Current available data is used in assessing their carrying and fair values.

A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- (a) in the principal market for the asset or liability; or
(b) in the absence of a principal market, in the most advantageous market for the asset or liability."

WEST ARNHEM

REGIONAL COUNCIL

WEST ARNHAM REGIONAL COUNCIL

FOR THE MEETING 2 March 2026

Agenda Reference:	8.7
Title:	Maningrida Local Authority Membership
Author:	Debbie Branson, Governance Advisor

SUMMARY

The purpose of this report is to give Local Authority members and opportunity to discuss membership of the Local Authority.

RECOMMENDATION

THAT THE LOCAL AUTHORITY receives and notes the report titled *Maningrida Local Authority Membership*.

BACKGROUND

Part 5.1 of the *Local Government Act 2019* identifies local authorities as an essential forum for local decision making in remote communities. They key functions of local authorities as outlined in the Act are:

- a. To involve local communities more closely in issues related to local government.
- b. To ensure that local communities have the opportunity to express their opinions on questions effecting local government.
- c. To allow local communities a voice in the formulation of policies for the locality as well as policies for the area and the region.
- d. To take the views of local communities back to the council and act as advocates on their behalf.
- e. To contribute to the development of the relevant regional plan.
- f. To make recommendations to the council in relation to:
 - i. The council's budget; and
 - ii. The part of the council's are within which the local authority performs its functions.
- g. To perform other functions assigned to the local authority by the minister, in accordance with any guidelines that the minister may make.

In September 2025 Council determined that the Maningrida Local Authority would have 11 members and appointed the following members:

Community Members			
1	Marlene Kernan	4	Monica Wilton
2	Garth Doolan	5	Joyce Bohme
3	Shane Namanurki	6	Sharon Hayes
7	Vacant		
Ward Members			
8	Mayor James Woods	9	Deputy Mayor Jacqueline Phillips
10	Cr Jermaine Namanurki	11	Cr Josephe Diddo

COMMENT

The council must decide the number of members for each local authority. There must be at least 6 members and a maximum of 14 members for each local authority.

With a membership of 11 members, Maningrida Local Authority currently has one Community Member vacancy.

Council will continue to promote membership within the Local Authorities, however the Ward and Community Members are encouraged to gauge interest within the Maningrida community to fill the vacancy.

LEGISLATION AND POLICY

Guideline 1 : Local Authorities

FINANCIAL IMPLICATIONS

Local Authority payments in accordance with the NT Remuneration Tribunal – Allowances for Local Government Authorities are included in the 2025-2026 budget as follows:

The Chair of a Local Authority will be paid as follows:

If the meeting is held up to 2 hours	\$300
If the meeting is held between 2 to 4 hours	\$450
If the meeting is held for more than 4 hours	\$600

A Member of a Local Authority will be paid as follows:

If the meeting is held up to 2 hours	\$200
If the meeting is held between 2 to 4 hours	\$300
If the meeting is held for more than 4 hours	\$400

STRATEGIC IMPLICATIONS

This report aligns to the following pillars and goals as outlined in the *Regional Plan and Budget*:

PILLAR 6 FOUNDATIONS OF GOVERNANCE

Integrity is at the heart of everything we do. We are leaders of best practice and excellence in governance, advocacy, consultation and administration. Our processes, procedures and policies are ethical and transparent.

Goal 6.3 Council and Local Authorities

Excellence in governance, consultation administration and representation.

FOR THE MEETING 2 March 2026

Agenda Reference:	8.8
Title:	Draft 2026/27 Local Authority Budget and Long-Term Financial Plan
Author:	Jocelyn Nathanael-Walters, Director Corporate Services

SUMMARY

The purpose of this report is to commence the consultation process with the Local Authorities within the region in relation to the 2026/27 Budget and Long-Term Financial Plan.

RECOMMENDATION

THAT THE LOCAL AUTHORITY receives and notes the report titled *Draft 2026/27 Local Authority Budget and Long-Term Financial Plan*.

BACKGROUND

The Council is required to consult with its Local Authorities about next year's annual budget and long-term financial plan. The Council must approve a budget and long-term financial plan by 30 June 2026.

At the Ordinary Council Meeting held on 24 February 2026, the Council approved the attached draft 2026-27 budget (at Local Authority level) to begin the process of building the annual budget and long-term financial plan.

COMMENT

The draft 2026-27 budget (at Local Authority level) is an opportunity to discuss what community activities and services are expected to be delivered and their estimated costs. This is an opportunity for Local Authority members to ask questions and contribute to the building of next year's budget.

LEGISLATION AND POLICY

Local Government Act 2019

Minister's Guideline 1: Local Authorities

FINANCIAL IMPLICATIONS

The Council is responsible for having an approved budget and long-term financial plan and to monitor the council's performance against that approved budget.

STRATEGIC IMPLICATIONS

This report aligns to the following pillars and goals as outlined in the *Regional Plan and Budget*:

PILLAR 5 SUSTAINABILITY AND CLIMATE ACTION

Leading by example, we commit to developing a culture of sustainable practice. We recognise and champion the importance of safe-guarding our environment for future generations by working collectively with community, private enterprises and all tiers of government.

Goal 5.1 Recycling and Waste

Develop recycling and waste initiatives which protect and preserve community natural resources and the local environment.

Agenda Reference:	9.1
Title:	Review of Action Items
Author:	Debbie Branson, Governance Advisor

SUMMARY

This report is submitted for Maningrida Local Authority to review and discuss the progress on outstanding action items from meetings.

RECOMMENDATION

THAT THE LOCAL AUTHORITY:

1. Receives and notes the report titled *Review of Action Items*; and
2. Reviews the outstanding action items and gives approval for completed items to be removed from the register.

BACKGROUND

Action items arise out of resolutions of the Local Authority or questions asked by Members. The attached register provides the current status of the action items as provided by the administration. The administration recommends items as complete, but it is for the Local Authority to determine whether the item remains active or is complete and can be removed.

COMMENT

The actions that Local Authority resolves to occur are to be acted upon by the administration. This report enables Local Authority to progressively discuss and acknowledge the status of items.

STRATEGIC IMPLICATIONS

This report is aligned to the following pillars and goals in the *Regional Plan and Budget*:

PILLAR 6 FOUNDATIONS OF GOVERNANCE

Integrity is at the heart of everything we do. We are leaders of best practice and excellence in governance, advocacy, consultation and administration. Our processes, procedures and policies are ethical and transparent.

Goal 6.3 Council and Local Authorities

Title:	Proposed Chilled Water Bubbler - Basketball Court - Maningrida
Author:	Clem Beard, Project Manager

SUMMARY

This report provides the Maningrida Local Authority with an indicative cost estimate to install a chilled water fountain at the Basketball Court.

RECOMMENDATION

THAT THE LOCAL AUTHORITY:

1. Receives and notes the report titled *Proposed Chilled Water Bubbler - Basketball Court - Maningrida*; and
2. Approves the allocation of up to \$20,000 for the supply and installation of Chilled Water Fountain from the Maningrida Local Authority.

BACKGROUND

The administration has been requested at previous meetings to supply additional water bubblers at public and sporting areas whereby the community and players can rehydrate at regular intervals for health and well-being purposes.

COMMENT

Chilled water fountains have been installed across the West Arnhem Regional Council at various locations:

- Jabiru Supermarket - External Wall
- Gunbalanya Council Office - External
- Minjilang Community Hall - Internal

Indicative reference cost estimates have been drawn from these installations to formulate budget.

WEST ARNHAM REGIONAL COUNCIL

FOR THE MEETING 2 MARCH 2026

Agenda Reference:	9.3
Title:	Fabrication Variation - Height of Airport Shelter - Cultural Entrance/Exit
Author:	Clem Beard, Project Manager

SUMMARY

This report is to provide the Maningrida Local Authority with an indicative cost estimate for the variation works required for the shelter at the Airport cultural entrance.

RECOMMENDATION

THAT THE LOCAL AUTHORITY:

1. Receives and notes the report titled *Fabrication Variation - Height of Airport Shelter - Cultural Entrance/Exit*; and
2. Approves / Does not approve the variation of works and repurposing of surplus funds of \$37,235.00.

BACKGROUND

The structure at the Maningrida Airport was erected in February 2025. Since this time the delivery of the new Toyota 4WD Hearse has been purchased and the shade structure will now require the roof height to be raised for cultural ceremonies and funerals held at the facility under the shade. If the roof height is not raised potential damage can be sustained to the existing shade structure and the new hearse vehicle.

COMMENT

The administration has sought advice from the manufacturer and the engineer on the implications of raising the roof level. The integrity of the shelter requires the retainment of compliance with planned alterations to attain certification.

Indicative pricing for modifications of Shelter Roof - Maningrida Airport				
Resource	Unit	Qty	Est Price	Total
Certification / Building Permits	Only	1	\$4,000.00	\$4,000.00
Material - Refabrication	Only	4	\$1,600.00	\$8,600.00
Installation / Plant / Labor	Only	1	\$9,900.00	\$20,000.00
Freight / Cartage	Only	1	\$1,250.00	\$1,250.00
Sub Total				\$33,850.00
Contingencies 10%				\$3,385.00
Total Estimated/Indicative Costs				\$37,235.00

The Local Authority approved the expenditure of \$210,000.00 to purchase 4x4 Hearse MAN44/2024 resolved and surplus of \$41,177.00 as at the 16 February 2026 per finance report.

Expenses to Date - 4 x 4 Hearse Maningrida LA	
FY 2024/2025 Expenses	\$67,617.61
FY 2025/2026 Expenses	\$101,205.00
Total Expenses to date	\$168,822.61
Budget Allocation	\$210,000.00
Total surplus to repurpose	\$41,177.39

LEGISLATION AND POLICY

Local Government purchasing policy applies to the requested variation.

FINANCIAL IMPLICATIONS

Indicative costs are within the allocated budget to purchase a new hearse vehicle – no additional funding is required for requested variation.

STRATEGIC IMPLICATIONS

This report is aligned to the following pillars and goals of the *Regional Plan and Budget*:

PILLAR 1 PARTNERSHIPS, RELATIONSHIPS AND BELONGING

Investing in relationships and partnerships at all levels supports and strengthens community and belonging. We prioritise the value of partnerships and relationships as a key determinant of a happy, strong and thriving community.

Goal 1.1 Community Engagement

Seek out and support diverse perspectives and collaborations with community, community leaders, businesses, agencies and local service providers to enhance community life.

Goal 1.4 Community Events

Deliver cultural, civic and sporting events which engage and unite the community.

Goal 1.5 Cultural Awareness Training Develop increased understanding and observation of cultural protocols.

PILLAR 3 SAFETY AND WELLBEING

As an 'Employer of Choice', we provide and promote a positive culture of safety, inclusion and respect. Our people are skilled, informed and have opportunities to grow and develop within our organisation. Services provided to community are professional, impactful, engaging and appropriate to local needs.

WEST ARNHAM REGIONAL COUNCIL

FOR THE MEETING 2 MARCH 2026

Agenda Reference:	9.4
Title:	Cultural Training
Author:	Katharine Murray, Chief Executive Officer

SUMMARY

This report presents an opportunity for each Local Authority to develop cultural awareness training within the community.

RECOMMENDATION

THAT THE LOCAL AUTHORITY:

1. Receives and notes the report titled *Cultural Training*; and
2. Provides recommendations on cultural training that best meet the needs of the community, staff, contractors and visitors.

BACKGROUND

At the Ordinary Council Meeting 30 June 2025, Council requested a draft policy be prepared and considered further at a future workshop which will include consultation with the local authorities.

It was agreed that this would be actioned post the Local Government 2026 General Election.

The purpose of this list is for open discussion with the Local Authorities members. Suggestions as follows:

- Specific information about history, Traditional Owners/Elders, and their role, and local protocols -site specific-.
- Behaviours expected on Country: What are the expected behaviours from visitors and workers while living and working on their land (e.g. what's considered culturally disrespectful/inappropriate/rude, what behaviours are welcomed, etc.).
- How to behave and what to/not to do when cultural events are occurring, particularly Sorry Business.
- Geographic orientation: No-go zones, blocked roads, men's or women's business areas, etc.
- Communication: Practical information on how to engage respectfully with both men and women by recognising sensitivities (communication protocols when talking to the opposite gender), understanding kinship (such as poison cousins/relationships), body language, etc.
- Animals in community (e.g. dogs, cats, horses, pigs, goats).
- Drug and Alcohol prohibitions.
- Dress code: What's the appropriate clothing to wear in community for both men and women.

LEGISLATION AND POLICY

WEST ARNHAM REGIONAL COUNCIL

FOR THE MEETING 2 MARCH 2026

Agenda Reference:	9.5
Title:	Community Benefit Fund
Author:	Clem Beard, Project Manager

SUMMARY

This report is to collate and prioritise a list of community assets for infrastructure improvements and asset purchases nominated by the Local Authority members.

RECOMMENDATION

THAT THE LOCAL AUTHORITY:

1. Receives and notes the report titled *Community Benefit Fund*; and
2. Prioritises a list of projects from the Local Authority members for the Administration to pursue future grant applications.

BACKGROUND

The Community Benefit Fund (CBF) receives funds from a levy on electronic gaming machines in licensed hotels. Major community grants provide funding to provide services, leisure activities and opportunities to Territorians.

All applications that meet the eligibility criteria will be considered.

If your application meets the priorities below, it will be given preference when considered.

The priorities are:

Priority 1

Applications for infrastructure improvements or asset purchases that can demonstrate an ongoing community benefit beyond the period of funding.

Priority 2

Applications that support the growth of the NT and:

Provide multi-level stimulus through the outcome of the grant and also use local suppliers and contractors in the process of completing the grant.

COMMENT

The Major Community Grant opportunity opens biannually, with funding from **\$15,001 to \$250,000**. The next available funding round opens 1 July and closes 31 August 2026.

The most recent successful application works awarded to West Arnhem Regional Council (WARC) was the Revitalization/Upgrade of the Jabiru Library completed in 2025.

Recommendations put forward in the past for community upgrades focusing on enhancing community participation, health, and wellbeing include:

- Earthworks - Resurfacing Ovals
- Upgrading/installing reticulation to grounds
- Removing potentially dangerous/at risk trees in all community public areas.

- Upgrading existing ablution facilities across the region
- Providing additional drinking water fountain locations
- Upgrading existing playgrounds/shades/surfaces

The Local Authority's have the opportunity to give feedback to Council on what projects they may wish to be considered for this and other any future grant funding opportunities.

LEGISLATION AND POLICY

Per Local Government Act (2019).

WARC internal policies for all facets of Infrastructure improvements/acquisitions.

FINANCIAL IMPLICATIONS

In kind support can be considered as part of application process:

- Internal Wages
- Admin Fees
- Project Management Fees

STRATEGIC IMPLICATIONS

This report is aligned to the following pillars and goals of the *Regional Plan and Budget*:

WEST ARNHEM REGIONAL COUNCIL

FOR THE MEETING 2 MARCH 2026

Agenda Reference:	9.6
Title:	Manayinkarirra Cemetery Works
Author:	Meredith Newall, Waste and Resource Coordinator

SUMMARY

The purpose of this report is for the Maningrida Local Authority to consider additional works at the Manayinkarirra Cemetery.

RECOMMENDATION

THAT THE LOCAL AUTHORITY:

1. Receive and note the report titled *Manayinkarirra Cemetery Works*; and
2. Prioritise and approve additional works as per available funding

BACKGROUND

The Council has been working towards delivering a culturally appropriate declared cemetery for the Maningrida Community. In 2020, West Arnhem Regional Council (WARC) created a cemetery area in Maningrida in case of emergency during the Covid-19 outbreak.

The Northern Territory Government enacted the *Burials and Cremations Act* in 2022 making Local Government the owners of cemetery facilities across the Northern Territory. WARC has been successful in having Manayinkarirra Cemetery a declared cemetery under the new Act.

During the process of declaring the cemetery, WARC worked with the community to provide a design that is both practical and culturally suitable. Administration staff applied for and were successful in receiving the 'Community Places for People Grant' to fund the extension works at the cemetery.

A contract for the core works was awarded to BV Contracting at the February 2025 Ordinary Council Meeting. Core works as per the tender for the Manayinkarirra Cemetery were completed on 14 September 2025 except for the installation of a sign. The sign is to be ordered by WARC following Local Authority approval below.

COMMENT

The administration has sourced indicative quotes for additional works at the Manayinkarirra Cemetery. The options are attached for your reference.

Entry Sign

A design has been provided by Sign City and is attached for Local Authority approval.

Seating

The original design was for the installation of 20 concrete half culvert benches. Alternative seating options have been sourced and are attached for Local Authority approval. The seating will be fixed permanently via concrete footings.

Water Connection

Establishment of water connection as per site servicing plan and installation of outdoor tap. Additional works such as the supply and installation of mature plants and a water bubbler are contingent on a water connection being available at the site.

Plants

Consultation had with Traditional Owners and they requested native plants. A quote has been received for the supply of edible bush tucker plants and includes bush plums and bush apples. There are two options available for order of the plants:

Option 1: Order now for earliest possible delivery and plants will be selected according to availability.

Option 2: Select preferred plants with a lead time of six months.

Solar Lighting

Supply and install six pole-mounted solar lights.

Grant Funding Available

The Regional and Remote Burials Grant is open until April 2026. Council will submit a grant application to potentially complete the rest of the works required for the cemetery to be open to the public.

LEGISLATION AND POLICY

Local Government Act 2019

Burials and Cremations Act 2022

FINANCIAL IMPLICATIONS

Per funding agreement for 'Community Places for People Grant'

Per funding agreement for 'Remote Burials Grant'
